Mayor Schrecengost asked if there was anyone present who wished to address this public hearing.

Eileen Powers of CHRIC stated that they purpose of this public hearing was to seek comments from the public regarding the submission of another CDBG application under the 2017 Unified Funding Round. The prior grant had been very successful. There were six applications from the last round of funding that were not funded. These applications would be applied toward a future grant award. In addition there are approximately twenty-four pre-applications that have been received. This totals approximately thirty applications on the waiting list. She advised that the Village of Celoron was

eligible to apply for other areas of funding in addition to the housing rehabilitation. The application process is currently open and is due on July 28, 2017. She advised that this is a very competitive process. If funding is received, notice would probably be received in December with the formal application process beginning in January or February of 2018. She encouraged any interested property owners to complete a pre-application, available in Village Hall, and submit as soon as possible.

No correspondence had been received.

Mayor Schrecengost asked three times if there was anyone present who wished to address this public hearing to please step to the front, give your name, address and please limit your comments to three minutes.

No one stepped forward.

Mayor Schrecengost adjourned the Public Hearing at 5:55 p.m.
